

A ONE-OF-A-KIND EXPERIENCE

G Spa represents the vision of its founder Gretta Monahan. Gretta is best known for her ground-breaking and award-winning salons and fashion concepts. Her beauty and fashion vision have been well- documented on television and in magazines such as Vogue and Harper's Bazaar.

When Gretta was invited to be a part of the new MGM Grand at Foxwoods, she knew she had a unique opportunity to create a spa that offered an unparalleled level of luxury and service. Once you enter the unique world of G Spa, you'll agree that she's most definitely done so.

G Spa was designed to reflect Gretta's vision and the sensibilities of you – our clients, while respecting the Native American heritage of our hosts – the Mashantucket Pequot Tribal Nation, all in a stunning environment created by MGM Grand.

We invite you to visit G Spa and suggest that you select one or more of our treatments that we will personalize for you. After all, you're an individual inside and out, from your hair and skin to your personality and attitude. Your treatment should be as unique as you are.
